

## Silver Recovery Equipment *Optimized for Color Bleach-Fix*

Recovers silver from all color film and photo processing chemistries

### Built-in Metering Tank

Built-in Metering Tank

#### Features

- t Microprocessor controlled
- t Back-lit LCD display
- t Self test at power up and self monitoring diagnostics
- t Menu activated pump & float switch tests
- t Automatic current/voltage limiting
- t Programable plating current and time
- t Non-volatile memory stores total running hours, set points/operational parameters, process counter and total batch count
- t Automatic pump operation with easy service access
- t Automatic alerts to error conditions
- t Service alarm with "snooze" feature tracks batch count
- t Audible high level alarm with disable feature
- t Prevents silver leachback to solution
- t Built-in Metering Tank
- t Built-in manual fluid entry funnel
- t Rugged chemical resistant polyethylene plastic cabinet
- t Easy access to pumps
- t Safety overflow port
- t Metering Tank and Holding Tank drain outlet
- t Discharge Hold Mode prevents flooding of metering tank

#### t Compact Design . . .

Fits in Small Darkrooms, yet powerful enough to recycle your chemicals, and capture 98% of your silver!

#### t Modular components . .

Optimized for ease in Service and Repair!!

#### t Microprocessor controlled ..

Highly efficient electro-plating cell. Recovers 98% of the available silver!!

#### Product Description

**Silver Wizard B1/MS 115 V**

**No. 7176CA**

**Silver Wizard B1/MS 230 V**

**No. 7177CA**

25A Batch Hold and Dump Silver Recovery System with built-in metering tank. (Three chamber configurations: 9 gallon holding tank, 8 gallon metering tank, and 5 gallon plating tank)

#### Optional Accessories

**Plating Cell Lock Kit**  
(Factory Installed)

**No. 7177CA**

#### Specifications

Operating Mode:	Automatic Batch System
Dimensions (W/D/H):	16.5" x 27" x 34" (420mm x 686mm x 711mm)
Shipping Weight:	80 lb. (36 Kg.)
Plating Amperage	25Amp max output @ 5.0 Vdc maximum
Desilvering Capacity	30 gal (114 ltr)/24 hrs
Metering Pump	20-180 ml/mn (60 gal/day max)
Holding Tank Capacity	9 gallons
Plating Tank Capacity	5 gallons
Metering Tank	8 gallons
