## WHAT TIGER'S WORKING ON

BY SEAN FOLEY  
GOLF DIGEST TEACHING PROFESSIONAL // WITH RON KASPRISKE

**T**iger's making some mechanical changes, but he's still very much a feel player. If we're working on a particular move, he'll get the hang of it by focusing on what it feels like instead of what's actually happening. It makes sense to him that way.

What's on your mind?

This is your Wall. Update your status, share photos, post links, and upload videos for your friends to see.

Itsa Demo  
Hey Tiger and I are working on the same thing. :-)

**GOLF DIGEST**  
What Tiger's working on  
Here's one of the big changes: He has a stronger grip.

# Viewer & Authoring

- Viewer Builder Support - Social Sharing, Bookmarks, Auto Archive

The screenshot shows the 'Social Sharing' configuration page in the Viewer Builder interface. The page title is 'Social Sharing'. Below the title, there is a paragraph explaining that these settings control whether customers can share articles from the app via Facebook. A link is provided for instructions on registering the app with Facebook. A 'Social Sharing Preview' section shows a mobile app interface with a 'Facebook' button highlighted. Below the preview, there are two input fields: 'Facebook App ID' and 'Share URL'. A checkbox for 'Enable Facebook Sharing' is checked. The left sidebar shows a list of settings categories, with 'Social Sharing' selected.

The screenshot shows the 'Viewer Details' configuration page in the Viewer Builder interface. The page title is 'Viewer Details'. Below the title, there is a paragraph explaining that for multi-issue viewers, each viewer is tied to an Adobe ID. Below this, there are several input fields: 'Viewer Name' (omnichron), 'Viewer Version' (v19), 'Viewer Type' (Multi-Issue with Entitlement and iTunes Subscription), 'Title (Library View)' (omnichron), 'Title ID' (ddpauto+pro@adobetest.com), and 'Password' (masked). There are also checkboxes for 'PDF Zooming Enabled', 'Bookmarks Enabled', 'Folio Auto-Archiving Enabled', and 'Archiving On By Default'. A red box highlights the 'Bookmarks Enabled', 'Folio Auto-Archiving Enabled', and 'Archiving On By Default' options. Below these, there is a 'Maximum Archived Folios' input field and an 'Optional URL Scheme' input field. At the bottom, there is a section for 'Supported Languages' with checkboxes for various languages including English, Polish, Hungarian, Korean, Japanese, Ukrainian, Spanish, Swedish, Finnish, German, Norwegian, Simplified Chinese, Traditional Chinese, Italian, Russian, Portuguese, Dutch, French, Czech, Turkish, and Danish.

- Library Update Improvements

The screenshot displays the 'The New Yorker' website interface. At the top, there are links for 'Sign In' and 'Subscribe', and the site title 'The New Yorker'. Below this is a navigation bar with a home icon, a grid icon, and a settings icon. The main content area features a large subscription banner on the left with a 'Subscribe' button. To the right, there are several issue thumbnails, each with an 'Archive' and 'View' button. A central error dialog box is overlaid on the page, displaying the message: 'Cannot Update Library' and 'Unable to connect to the Internet.' with an 'OK' button. The dialog box has a large red 'X' over it.

- Analytics JSAPI for HTML Content

The screenshot displays the 'HTML Analytics Test' interface. It features a top navigation bar with 'Sign In' and a refresh icon. The main content area is divided into two panels. The left panel contains two event configuration sections: 'Send customEvent2' and 'Send customEvent3'. Each section includes a 'Send' button, a link to 'extra vars', and a set of input fields for 'overlayId', 'stackId', 'screenId', and 'stackTitle'. Below these fields are radio buttons for 'isOnline' (true, false, undefined) and a 'folioManifestId' field. The right panel, titled 'Global Variables', contains input fields for 'stackId', 'screenId', and 'stackTitle', followed by radio buttons for 'isOnline' (true, false, undefined) and five 'customVariable' fields (1-5). A 'Submit' button is located at the bottom of this panel. The bottom navigation bar includes icons for 'Library', 'OMTR JSAPI', 'BANNER Store', 'COVER', 'TOC', 'HELP', and 'Viewer'.

# Viewer & Authoring

- Article to Custom Store Linking - Demo

# Viewer & Authoring
