ISBN 978-5-906580-06-1 (Rus.)

In view of the fact that Russia joined the WTO, the Russian standards on building materials have been revised to ensure compliance with the European regulations. The Study Guide contains the information on hydraulic setting binders, concretes and building mortars with due regard for the revisions made.

The Study Guide meets requirements of educational programs and of the Federal State Educational Standard for Higher Vocational Education “Bachelor’s Program” of 08.03.01 “Construction” discipline and “Specialist’s Program” of 08.05.01 “Construction of Unique Buildings and Structures” discipline.

Table 32. Fig. 21. References: 27 items.

Reader:

E. V. Tkach, Professor, Doctor of Engineering (Professor of Building Materials and Materials Science Chair of the Federal State Budget Educational Institution of Higher Education Moscow State University of Civil Engineering (National Research University)).
